Objective: Results-oriented software developer with a focus on data intensive full-stack web development, seeking a Spring 2024 co-op to leverage technical skills and drive project success in a collaborative business environment.

Technical Skills: Agile, Scrum, Git, Object Oriented Programming, Database Architecture, Project Management, MVC, CRUD

Programming Languages: HTML/CSS, Java, Python, C, C#, JavaScript, TypeScript, PostgreSQL, MySQL

Frameworks: Angular, React, Next.js, Node.js, JUnit

Projects

- ***Baseball Trading Card Game Web Application***   **MySQL, React, Next.js**
  - Developed a web application for virtual baseball card trading using MySQL, React, and Next.js, enabling users to collect, trade, and visualize card collections interactively.
- ***STM32 MIDI Player***   ***STM32, C***
  - Multi-track MIDI synthesizer emulator written in C on the STM32 Nucleo platform.
- ***Health And Fitness Tracker***   **Java**
  - Collaborated in a team of five to create a Java-based application for tracking calorie intake and fitness metrics, featuring both CLI and GUI functionality to provide user flexibility.

Work Experience

- ***Coding Instructor/Mentor***   **Robotics & Beyond**   *Nov 2016 -- 2022*
  New Milford, CT
  - Developed and delivered Java, Python, robotics, and music production curricula, engaging K-8 students and enhancing STEM education outreach to over 1,000 students.

- ***IT Intern***   **New Fairfield Board of Education**   *May 2021 -- Aug 2021*
  New Fairfield, CT
  - Automated remote learning suite installation for over 600 faculty and student devices.
  - Installed and configured interbuilding VoIP system for over 60 classrooms.

- ***Attendant/Maintenance***   **New Milford Tennis & Swim Club**   *May 2022 -- Aug 2022*
  New Fairfield, CT
  - Managed front desk operations, member inquiries, and reservations.
  - Maintained clay courts daily to ensure high-quality play conditions.

- ***Customer Caretaker***   **The UPS Store**   *June 2024 -- Present*
  Henrietta, NY
  - Handle and process a high volume of shipments each day, ensuring accurate labeling, packaging, and tracking for smooth and timely delivery while providing excellent customer service.

Activities

- RIT Co-Ed Softball Club   **E-Board/Co-Founder (2022-2024)**

Education

Rochester Institute of Technology	Bachelor of Science in **Web & Mobile Computing**
Henrietta, NY	Expected Graduation: **May 2025**
